CHINESE CHESTNUTS

Leeland Farms, Leesburg, Ga.

SEEDLING TREES

GRAFTED TREES

RETAIL PRICE LIST, Effective November 15, 1953

Leeland Farms takes pleasure in sending you this price list of our Chinese Chestnut seedlings and grafted trees. Our seedling trees are all of the Peter Lui strain and our seed nuts come from the same orchard in which the three seedling parent trees of the USDA varieties Nanking, Meiling and Kuling are located.

Our seedling and grafted trees are vigorous growers, early bearers, productive, and winter hardy to temperatures of 25° below zero. They are, of course, resistant to the blight which killed out the American chestnut. Our Nursery is State inspected for both insects and diseases.

Since the Chinese chestnut requires cross pollination a minimum planting of two or three seedlings, or varieties, is necessary for nut production and we will not sell less than this minimum number.

The prices quoted below are F.O.B. our shipping point, with no charge for packing. We request cash payment for the trees with your order. If you wish to prepay the transportation charges we will refund any overpayment. Our shipping season is from mid-November to April 15.
